

NOW IS THE TIME FOR ACTION! SIGN UP TO SUPPORT CLEAN ENERGY

Now, more than ever, it is critical that we reduce the emissions that contribute to global climate change and other pollution and lessen our over-reliance on finite fossil fuels. Did you know there is a simple step you can take that can really make a difference?

When you sign up for CTCleanEnergyOptionsSM program, the lights will still go on and all of your appliances will work just the same as they always have. The only difference is that you will be helping to support cleaner air, healthier communities and energy independence. Moreover, it is perhaps the single most important action you can take to fight global warming.

Act now and there's a **SPECIAL BONUS**: for every 100 local customers who sign up for CTCleanEnergyOptionsSM, your town could receive a **FREE** solar energy system from the Connecticut Clean Energy Fund. Find out about clean energy in your town at <http://www.ctcleanenergy.com/communities>
