

**South Windsor Energy Committee in partnership with the Connecticut Green Bank
to host Morning Business Networking Breakfast for South Windsor Chamber of
Commerce Members**

Date: Friday, February 8, 2019

Location: South Windsor Chamber of Commerce, 22 Morgan Farms Drive

Time: 7:45 am – 9:00 am

Learn about C-PACE, Commercial Property Assessed Clean Energy, an innovative financing solution from Connecticut Green Bank that makes green energy upgrades safe, accessible and affordable. With C-PACE, building owners can enjoy the advantages of energy upgrades and pay for them over time through a voluntary benefit assessment that is repaid along with property taxes.

Nearly any type of commercial property is eligible. Privately owned, non-residential buildings (industrial, office, retail, agricultural, non-profit, multifamily, etc.) can all benefit from C-PACE.

Learn what the Connecticut Green Bank can do to help you afford clean energy projects.
