Myles Rey, CIRMA Trainee

### 3. Approval of Minutes (September 29, 2016)

Mayor Carolyn Mirek made a motion to approve the September 29, 2016 minutes. Town Manager Matthew Galligan seconded the motion; and they were approved, unanimously with one abstention from Mr. Edward Havens.

### 4. Discussion Items

### A. General Discussion – Liability, Automobile, and Property (LAP) and Workers' Compensation Claims

Ms. Fiona Porto introduced Mr. Myles Rey from CIRMA. He is a trainee who is shadowing Ms. Porto in order to cover for her during her upcoming leave.

Ms. Porto mentioned that the CIRMA Annual Meeting is on January 27, 2017. The rate as a whole for the pool will be announced at the Annual Meeting.

Ms. Porto discussed False Pretense Coverage. It is a new exposure that

many municipalities are facing. It would cover email phishing requests to transfer money from third parties that look like a verified vendor. There have been some towns that have experienced this problem already. She received confirmation last night that retroactively effective July 1, 2016, Hanover is providing coverage for False Pretense on all policies that CIRMA writes for its members. There is a small limit of \$15,000 with a \$5,000 deductible. There is no additional charge for these current limits, but the limits cannot be increased without submitting an application.

Mayor Carolyn Mirek asked about training on cyber security in Town. Town Manager Galligan mentioned that Information Technology will often inform employees regarding email phishing and to forward suspicious emails to them for analysis.

Ms. Porto said there will be training at the Annual Meeting.

Town Attorney Morris Borea asked if any claims have been submitted yet for these phishing claims. Ms. Porto said there was a large loss in a southern Connecticut municipality. An employee submitted a large amount of money to what they thought was one of their construction vendors. Mr. Durette asked if there was coverage. Ms. Porto said that it has not yet been determined if there is coverage under the cyber policy since it is such a new case. There is no coverage under CIRMA's policy, and it is currently being analyzed under the crime policy. Town Attorney Borea clarified that Hanover is taking the policy from July 1, 2016.

Town Manager Galligan said that he has received phishing emails regarding payments for the new school project and cautioned that anyone working on school projects may be vulnerable to phishing.

Ms. Porto said that CIRMA has been working with a State cyber team to create this policy. As time progresses, Risk Management services will have additional training.

Mr. Joseph Durette clarified that the cyber policy is more geared towards hacking. Ms. Porto said yes but it has not been officially determined that the above-mentioned claim will be covered under that policy.

Ms. Chris Chemerka said that in her office, large payments have a few steps to go through before approval.

### 4. A. (Continued)

Ms. Porto reviewed the Workers Compensation Claims, Liability, Automobile, and Property (LAP) as shown in attached **Exhibit A**. There has not been much change since the last meeting in September 2016. The 2015/2016 year had multiple LAP pops. There were three property claims and one larger auto liability loss. The Town and Board of Education are signed into a three-year rate agreement that expires July 1, 2018, and 2015/2016 could be an anomaly.

Ms. Porto reviewed Workers' Compensation Losses on Page 2. Claims have been decreasing since the 2012/2013 year. Many of the specific claim causes were discussed during the September 2016 meeting. Ms. Porto asked if the Commission would be interested in seeing graphs of pool losses as a whole. Town Manager Galligan said that would be helpful in order to compare South Windsor's claims to the entire pool. Certain claims are consistent across the pool.

Mr. Durette asked about injury rates for different departments. Ms. Porto said that a loss rate per payroll to claims could be run in order compared to peers. Town Manager Galligan said that would be helpful.

Ms. Chemerka said there are safety committees in all of the school districts that receive all of this information in order to keep claims down.

Town Manager Galligan said that one public works snow plow claim could make the entire chart go askew. Ms. Porto said that is the nature of the claims business.

Ms. Chemerka added that everyone goes to the nurse no matter what happens in order to have the incident recorded.

Ms. Porto asked the Commission to look at the claim count on page 5. CIRMA looks for trends in the claims.

Town Manager Galligan asked if there any questions. Mr. Edward Havens asked if the price was locked in for three years. Ms. Porto said yes for LAP and it expires on July 1, 2018. Workers' compensation is not locked in because it is much more volatile.

### 4. A. (Continued)

Mr. Havens asked what happened to the previous representative from CIRMA. Ms. Porto said that occasionally the representatives are rotated in order to have a fresh pair of eyes on claims.

Town Manager Galligan thanked Ms. Porto for her information.

### B. General Discussion – Health Insurance Claims

Mr. Robert Lindberg was not present at the meeting, but Town Manager Galligan asked the Commission to review the packet provided ahead of time. The packet contains the Town and Board of Education Anthem Claim Activity – Medical, Rx, and Dental; Anthem Claim History; and Self Insurance Plan Summary from July 2016 and November 2016, as shown in attached **Exhibit B.** 

Ms. Chemerka gave a quick update from the Board of Education. Most of the teachers have switched to the HSA, and the new stop loss captive was started this year. There were four huge claims in December that should have hit stop loss, and Mr. Lindberg is currently working on those claims.

Town Manager Galligan said that with the HSA, employees have been managing their health better.

Ms. Chemerka said that Anthem broke down what the Board of Education was paying per person per day and compared it to the Town. The Town's side was lower, and it can be attributed to the work that Ms. Vanessa Perry has been doing with the employee wellness programs.

Town Attorney Borea asked if the Town is self-funded. Town Manager Galligan said the Town is self-funded and pays its own claims. He explained the HSA plan. Town Attorney Borea asked about the stop loss. Town Manager Galligan said the stop loss kicks in for coverage beyond \$175,000. He explained CT Prime's insurance cell. Town Attorney Borea asked if the Town is getting its money back. Town Manager Galligan said that an administrator at CT Prime will review claims and reimbursements.

Mr. Durette asked about the transition to the HSA for the Board of Education employees. Ms. Chemerka said it was a big undertaking to transfer 400 employees, but the employees are adjusting well to the plan.

### 4. B. (Continued)

Ms. Patricia Perry explained that Town claims have been doing well within the last few months. Monthly reports have been below expected amounts. The larger claims are recapped on the last page of **Exhibit B**.

Town Manager Galligan said both the Town and Board of Education have been doing a good job at keeping claims and costs down. Currently, there is a substantial reserve.

Town Manager Galligan asked if there were any questions. Seeing none, he mentioned that if any Commission members wanted additional information, they could request it.

### 5. Schedule the next Meeting

Mr. Galligan reminded the Committee that the next proposed meeting should be April 20, 2017. A reminder will be sent out a few weeks in advance in case a change needs to be made to the schedule.

### 6. Adjournment

At 9:13 a.m. the meeting was adjourned.

Respectfully submitted,

Ashley Booth Recording Secretary

- If group does not purchase ISL insurance from Anthem, this report will show members with claims over \$50,000. Member Status: Active = member is enrolled in the group's medical plan, "Non-Active" = member is no longer, enrolled in the group's medical plan.
- --- Member ID: Encrypted Member IDs will remain the same from one period to the next.
- -- This report is not meant to replace the contract year settlement.

Newborn Ind: If "Y" then it is possible Parent and Baby claims are combined. This will be resolved by Underwriting during contract year settlement.

- Actual Billed Claims: the net claims amount (Total Claims less "Claims over ISL") billed to the group. - Claims over ISL: credited claims dollars in excess of the Individual Stop Loss (ISL) amount
