Subject: [External]240 Deming Street

Hi Michele,

This email serves to request that our public hearing on the site plan and special exception for 240 Deming Street be continued to November 28th due to conflicts that we have on November 14th. I understand that 11/28 is exactly 35 days from the date the public hearing was opened, so if there is an issue that causes the 11/28 date to be canceled, for lack of quorum or otherwise, we provisionally agree to extend the window to keep the public hearing open by another 30 days.

Thanks,

Ben Tripp
