

NAME: Windsor Federal

LOCATION: 395 Buckland Rd (176 Deming Street - new address)

TYPE OF PROJECT: Site Plan Development (New Construction)

ARCHITECTURAL AND DESIGN REVIEW COMMITTEE CHECKLIST

The following items must be submitted, in accordance with Section 9.1 of the Zoning Regulations at the time of a site plan application for an industrial or commercial building, or high density housing.

1. Site plan of the property (per Section 8 of the Zoning Regulations)
2. Architectural elevations of the proposed buildings
3. Types, styles and colors of building materials, exterior facades and facing, and fenestrations (samples suggested)
4. Special architectural features (if applicable)
5. Colors, materials, and location of lighting
6. Design of signs
7. Mechanical hardware proposed on or around the building and roof, including trash compactor, and auxiliary storage areas
8. Landscape plan indicating location, types, sizes, and quantities of proposed plant materials
9. Lighting Plans (per Section 17.22.1.A.1-4 Submission requirements)

All of the above-required information/materials have been provided.
