## **TO THE APPLICANT:**

Section 22a-39-14 of the Regulations of Connecticut State Agencies requires standardized reporting of local wetland agency decisions to the Commission of the Department of Environmental Protection. In keeping with this requirement the Inland Wetlands Agency/Conservation Commission (IWA/CC) must submit the form to the State after a decision is made.

Therefore, at the time the Town IWA/CC application is submitted, the *Statewide Wetlands and Watercourses Activity Reporting Form* must be filled out (excluding items 9, 10, 11, and 12). This form is available in the Planning Department or online:

[http://www.ct.gov/deep/lib/deep/water\\_inland/wetlands/siwwarf.pdf](http://www.ct.gov/deep/lib/deep/water_inland/wetlands/siwwarf.pdf)

You are also responsible for the photocopy of the USGA Quad map location (scale 1" to 2000') as per the instructions (item #2) on the back of the State form. The USGA (Manchester Quad) map is available at the Planning Department where copies can be made.

If you have further questions, feel free to contact Jeffrey H. Folger, Environmental Planner/Conservation Officer, Planning Department, 860-644-2511, ext. 229.

## **TO THE APPLICANT:**

The attached IWA/CC APPLICATION REVIEW form is being provided to you, as an applicant, to help assure that your submitted application and plans are complete. It may also serve as a guide for your engineer in processing your project.

The checklist has been compiled from Section VIII of the Inland Wetlands Regulations and if followed in detail will help us to expedite your application to the Commission for consideration.

You, as the applicant, are still responsible for the overall familiarization with the Inland Wetlands, Watercourses, and Conservation Regulations.

Presentation should be limited to wetlands and conservation concerns.

Environmental Planner/Conservation Officer
