Hello Commissioners,

I am submitting more pictures of the snapping turtle found June 12th, 2021 adjacent to Watercourse 1 on the southwest portion of the 95 Cody Circle property. Also included is an aerial map denoting the location of the snapping turtle. Along with these pictures is an image of the technical "File Information" which details the device, time, date, and location the digital photographs were taken. I would also like to emphasize my willingness to make a formal sworn statement on the location and circumstances of the snapping turtle encounter. I also have a 23 sec and a 1 min 10 sec video of the turtle.

Respectfully,

Richard Delhaie
