Assessor's map # 71 Parcel # 36900195 Zone I - Industrial

F. Names of all abutting property owners from records in Town Clerk's office. (use separate sheet if necessary)

Edward W. Kasheta	1060 Main, LLC
Edward W. Kasheta, Jr. & Donald T. Etal	Janet S. Prior
Kathleen A. Young	Jose & Rosa Alvarado
Jon D. & Caron A. Macomber	Nicholas Maraglino

G. Have you notified all abutting property owners (from records in Town Clerk's office) by certified letter that an application is pending before the Agency? Yes

☒ ** (you are required to supply a copy of the letter with the list of the names of the abutters)**

H. Purpose and description of all proposed regulated activity(s) including amount of disturbance in square feet and types of fill and the time element involved:

This application is being submitted as a conservation review, focused on stormwater management

and erosion & sediment control measures. A wetland application is not warranted for this project, and

there will be no wetland impacts as a result of the project. Total soil disturbance area will be approximately

29,200 square feet, and the desired construction time frame is late Summer / early Fall of 2022.

I. A class A-2 map of the property drawn to 1" = 40', showing the area to be developed, extent of the wetlands and watercourses affected, topography, existing and proposed activities and names and locations of adjacent property owners must be submitted.

J. Amount of regulated area disturbance (within upland review area or regulated buffers) 0 SF.

K. Acreage of wetlands and watercourses in regulated areas to be altered: 0 SF

L. Acreage of wetlands and watercourses to be created: 0 SF

M. Lineal feet of proposed stream alteration: 0 SF

N. Total land area of project and percentage, which is wetlands: 0 SF

O. Identify all other permits or approvals that have been issued, applied for, or required with respect to the proposed activity set forth in this application. (These may include but not be limited to, local Planning & Zoning, Zoning Board of Appeals, D.E.P., F.E.M.A., D.O.T., The Army Corps of Engineers, and any other State, Local or Federal Permits.) Site Plan Modification Application - Currently under P&Z review

P. The applicant (or designated representative) hereby attests that a sign will be posted at the following location(s) Along frontage of 195 Governor's Highway, near driveway entrance

By Timothy Griffing Name Loureiro Engineering Associates, Inc.

on or before the following date August 24, 2022

Signature: 

These signs must be displayed continuously for at least ten (10) days prior to scheduled meeting (see Regulations, Section 7.3a). The applicant is responsible for maintaining the sign during this period.

The undersigned hereby applies for the regulated activities listed in paragraph H above, for a Inland Wetlands, Watercourses and Conservation permit for the property described herein and confirms that:

1. She/he is familiar with the currently effective Inland Wetlands, Watercourses and Conservation Regulations of the Town of South Windsor.
2. She/he understands that at any time during the review period, the Agency may require the applicant to provide more information about the wetlands and/or watercourses in question and/or any proposed activity.
3. All information submitted in the application for review shall be considered factual, or in the case of anticipated activity, binding. A knowing failure of the applicant or any of her/his agents to provide correct information, or performance exceeding the levels of activity anticipated, shall be sufficient grounds for revocation of any permit under these regulations.
4. By making this application, the applicant gives permission to the Inland Wetlands, Watercourses and Conservation Commission members and/or its representative to enter the portions of the premises which are subject of the application for the purpose of inspection and investigation and otherwise evaluating the merits of the application both before and after a final decision has been issued.
