Review of Correspondence/Communications and Comments from the Public: There were no communications.

Superintendent’s Update: Dr. Carter noted that the district is celebrating the passage of the referendum for the new Pleasant Valley Elementary School with 85.5% of those voting, voting in favor. She commended the PBC for its role in contributing to the successful referendum, noting that the Orchard Hill project being completed on time and below budget, as well as the success of the two on-going projects, gives the community confidence. She relayed her concern regarding the recent closure of several districts in response to the Coronavirus, noting that if South Windsor did in fact close, she would need to consult with the state regarding a waiver of the 180-day school year requirement for at least Eli Terry in order to assist in keeping the construction on schedule. She advised that she would provide the commission with additional information as it was available.
