

Connecticut General Assembly – Chapter 103, Municipal Sewerage System

Sec. 7-246. Water pollution control authority; designation. Preparation of municipal plan. Successor to sewer authority; validation of sewer authority acts.

(b) Each municipal water pollution control authority designated in accordance with this section may prepare and periodically update a water pollution control plan for the municipality. Such plan shall designate and delineate the boundary of: (1) Areas served by any municipal sewerage system; (2) areas where municipal sewerage facilities are planned and the schedule of design and construction anticipated or proposed; (3) areas where sewers are to be avoided; (4) areas served by any community sewerage system not owned by a municipality; (5) areas to be served by any proposed community sewerage system not owned by a municipality; and (6) areas to be designated as decentralized wastewater management districts. Such plan may designate and delineate specific allocations of capacity to serve areas that are able to be developed for residential or mixed-use buildings containing four or more dwelling units. Such plan shall also describe the means by which municipal programs are being carried out to avoid community pollution problems and describe any programs wherein the local director of health manages subsurface sewage disposal systems. The authority shall file a copy of the plan and any periodic updates of such plan with the Commissioner of Energy and Environmental Protection and shall manage or ensure the effective supervision, management, control, operation and maintenance of any community sewerage system or decentralized wastewater management district not owned by a municipality.
