

Dear South Windsor Resident,

June 2017

South Windsor wants to save you money and cut your energy bills. To do so, we've teamed up with Eversource to bring you Home Energy SolutionsSM, an Energize ConnecticutSM program. Sign up today to have a certified and insured contractor visit your home. They will evaluate your energy use and make on-the-spot improvements that lower your energy bills and make your home more comfortable all year round.

During the visit, the average household receives about \$1,000 in products and services:

- Long-lasting, energy-saving LED light bulbs
- Water-saving devices
- Air sealing to get rid of drafts and cold spots
- Safety tests on your heating equipment
- A report on your energy usage and ways you can save more
- Rebates, incentives, and financing options to make additional energy improvements more affordable

All this for \$149.00* After the visit, most customers save about \$200 every year on their energy bills.

Participating in Home Energy Solutions this calendar year also benefits our town – it makes us eligible for grants to pursue energy-saving projects. Plus, for every Home Energy Solutions visit, our partner-contractors**, will make a \$25 donation to the South Windsor Food and Fuel Bank.

Call 877-WISE-USE or visit EnergizeCT.com/HES to learn more and sign up.

Thank you for making South Windsor cleaner community.

Yours truly,

Matthew B. Galligan
Town Manager

Carolyn Mirek
Mayor

Stephen Wagner
Energy Committee Chairperson

*Fee may be waived for income-eligible residents. Program availability and price are subject to change.

** A list of all authorized contractors is available at EnergizeCT.com/Find-A-Contractor.

Energize Connecticut helps you save money and use clean energy. It is an initiative of the Energy Efficiency Fund, the Connecticut Green Bank, the State, and your local electric and gas utilities.
