TOWN COUNCIL – REGULAR MEETING
COUNCIL CHAMBERS – SOUTH WINDSOR TOWN HALL

1. Call Meeting to Order

Mayor Mirek called the Regular Meeting to order at 7:00 p.m.

4. Roll Call

Members Present: Mayor Carolyn Mirek
Deputy Mayor Janice Snyder
Councilor M. Saud Anwar
Councilor Cindy Beaulieu (arrived at 9:33 p.m.)
Councilor William Carroll
Councilor Edward Havens
Councilor Lisa Maneeley
Councilor Liz Pendleton
Councilor Matthew Riley (arrived at 7:11 p.m.)

Others Present: Matthew B. Galligan, Town Manager
Morris Borea, Town Attorney

Pictures of former Mayor Tom Delnicki and former Mayor Saud Anwar were hung in the Council Chambers.

Deputy Mayor Snyder made a motion to suspend the rules in order to go to Item 16 on the agenda. Councilor Maneeley seconded the motion; and it was approved, unanimously.

16. Communications and Reports from Town Manager

Mr. Galligan reported on the following:

- Town Staff has been discussing the drainage projects on Edwin Road and Ridge Road. An Engineer has been hired to review the work on Ridge Road. Funding sources for these projects are being reviewed.
- The Police Department has reviewed the truck traffic along Oakland Road and Sullivan Avenue numerous times. A letter was sent out from Deputy Chief Custer to local businesses asking if alternatives routes could be used by their trucks. These are State roads and the trucks have the right to

use these roads. The Town will discuss this with the local companies again to see if some of the truck traffic could be reduced.

- There were concerns regarding the guardrail on Avery Street. That project design was designed and approved by DOT using federal funds. The guardrail will get painted as soon it oxidizes which takes approximately 6 months from the time it goes up.
- There is a resolution on the agenda tonight to waive competitive bidding for the purchase of a Jacobsen AR-522, 100 inch mower. With the purchase of this mower, the Town will save approximately \$100,000. Mr. Galligan felt that waiving competitive bidding is in the best interest of the Town.
- The transfer of \$14,400 is for a public health issue. The funds will go towards the cleaning up of a property which is a hoarding situation. A lien will be put on the house so the Town can recoup the funds used for this purpose.
- Reports have been giving to the Council members regarding sewer fees. The collection of aging sewer fees is at about 97%. In the first year it is about 86%. The Town will be moving forward with the Constables trying to collect for the first 60 days and if they are not successful, the collections will go to a Collection Agency.
- Revisions to the Town Council's agenda will go the Town Attorney for review. After the Town Attorney reviews this item, the Council can form a sub-committee to review the changes.
- The Audit Committee will be meeting to discuss the recent audit. There were no findings and the fund balance increased by about \$3.2 million dollars.
- There was a proposal by CCM to go to the Governor about restructuring revenues in the State of Connecticut which will not hurt taxpayers as far as being property tax driven. There was no time to have it put into the Governor's budget but it is hopeful that the State Legislature will look at this document to review some of the new revenue structures being proposed.
- The Town floated bonds on February 1, 2017 receiving favorable rates. The bonds came in at 2.64% and the notes came in at 1.01%. In the bonds there were \$647,000 of premium that will be used to reduce debt service in

the future and there was another \$169,000 in premium on the notes which will go into the Capital Non-Recurring account.

- There is a resolution tonight to allow the Town to receive \$400,000 up front for the lease of the tower near the Police Department. These funds will go toward Capital projects for upgrades to communication systems.
- There was an immigration petition that has been being signed by people. This issue has been reviewed very carefully because it is known this is a sensitive issue throughout the United States. Mr. Galligan read a statement from Chief Edwards into the record, as shown in attached **Exhibit A**. Mr. Galligan then went on to explain that local government does not enforce federal law and does not look to enforce immigration laws. The South Windsor Police Departments job is to protect the citizens of South Windsor and anyone who travels through South Windsor to the fullest extent of the law with the utmost respect and courtesy. This petition is trying to authorize the Council to instruct the Police Department to do something which cannot be done by law. Mr. Galligan stated he does not want the Council to be involved in a political endeavor on a national level and he wants the community to know that South Windsor is concerned with what is happening on the national level but it is not coming to South Windsor.

Councilor Anwar stated that he believes the letters from Deputy Chief Custer have gone out twice and would like to know if there was any response to those letters. Councilor Anwar also requested that the Town Manager and Chief meet with the companies to discuss this issue rather than sending another letter.

Answering questions from Deputy Mayor Snyder, Mr. Galligan explained that the Town has retained a collection company and they will start February 15, 2017. Letters will go out to property owners on February 1, 2017 and after February 15, 2017, the liens are issued by the Tax Collector. Once the liens are put on the property, the constables will get 60 days to collect and if they are unable to collect, the collection company will begin their process.

Answering further questions, Mr. Galligan stated that the Finance Director has been working to identify projects that have been closed and still have money left on them. Those funds will go back to the Capital Projects Committee and they will be

able to complete the drainage projects on Ridge Road and Edwin Road. Edwin Road will cost approximately \$176,000 and Ridge Road will cost approximately \$300,000. Town staff is working to try to get the Ridge Road project cost down and has also thought about doing it in phases.

Deputy Mayor Snyder requested that once the costs for both projects are established she would like the Council to know both costs. Deputy Mayor Snyder then voiced concern regarding asking businesses that pay taxes in South Windsor to not use State roads in Town. Councilor Pendleton explained that she witnessed a tandem truck trying to turn right onto Sullivan Avenue from Oakland Road. It was a very dangerous situation.

Councilor Pendleton then questioned if on their days off if police officers are allowed to work overtime for the government which takes staffing away from the Town? Mr. Galligan explained to Councilor Pendleton that the Town has rules and regulations about off duty work for police officers. Approval of a second job is needed from the Chief of Police as well as the Town Manager. The Town does not want officers to take a second job and come in tired to the Town. The Town's prime concern is protecting the citizens of South Windsor.

Councilor Riley requested that it be clarified why someone would pay the Town to float our bonds. Mr. Galligan reviewed the bonding process explaining that bond premium will be used to reduce debt service. Mr. Galligan then stated that he would send the Council the analysis.

Answering further questions from Councilor Riley, Mr. Galligan explained that when a lien is placed on a property it is put on the land records so a property cannot be closed on until the taxes and the lien are paid off.

Mr. Galligan explained to the Council that for the transfer of \$14,400 from Contingency to the Health Department budget, that property that the funds will be used for is not in foreclosure. A lien will be put on the house and when the house is sold, the Town will be paid.

16. Communications and Reports from Town Manager (Continued)

Councilor Anwar stated that the Council would not be stopping trucks from traveling on State roads. The Council would be asking the trucks to be conscious of the fact that when they are driving late at night and using GPS, they are going through residential areas. It is reasonable to ask them to think about the community members whose quality of life are being impacted. Mr. Galligan stated that he and the Chief of Police will have discussions with the different companies.

Councilor Anwar suggested that a public forum regarding diversity to be held with the involvement of the Police Department. The forum would be to make residents aware that the Police Department is here to protect the residents of South Windsor. This will also give people an opportunity to speak. Mr. Galligan said he would discuss this with the Chief of Police. Mr. Galligan then informed the Council that the PURA ruled in the Town's favor for the PPA. The Town has until March 31, 2017 to come up with a plan for this project. It is hopeful by March 1, 2017 the Town will receive PURA's approval on a project which will create 1,500 jobs in this area.

5. Public Input

Mr. Don Gonsalves, 40 Bayberry Trail stated that he attends more meetings than anyone in this Town and he would like to have the members of the public be allowed to speak during each agenda item. There was supposed to be a committee established which he was going to be a part of but that never occurred. On the agenda, it states that Item 16 is allotted 10 minutes and the Council took 55 minutes on that item. The Mayor needs to keep control of the meetings.

Deputy Mayor Snyder called for a point of order and she and Councilor Carroll requested that Mr. Gonsalves use a nicer tone when addressing the Council.

Mr. Gonsalves went on to explain that he feels the school referendum should be deferred until the residents of South Windsor have seen the Governor's budget.

Mr. Tony Duarte, Chairperson of the Democratic Town Committee and Kathy Daugherty, Chairperson of the Republican Town Committee came before the Town Council to speak together in endorsing the second phase of the Elementary School Plan.

5. Public Input (*Continued*)

Mr. Ken Young, 595 Avery Street came before the Town Council and explained that the Town Engineer had cited the reason the guardrail on Avery Street had to be placed where it is was because of a State regulation. Mr. Young requested that he be given the regulation that mandates this.

Mr. Scott O'Brien, 426 Barber Hill Road came before the Town Council to discuss the proposal for the 11 acres on Nevers Road. Access to the property and traffic concerns around the Community Center were reasons stated why the Farmers Market would be relocated to this area. A grassy field without any services are unlikely to attract many people, particularly families with children. The closest bathroom would be at the Little League field or Nevers Road park which would necessitate kids crossing the roadway. The development of more trails would give people something to do on the property and entice more use. The field is very wet and will not allow people to sit down and read a book. Mr. Galligan has described using pavers for the parking area. Pavers do not allow grass to grow and when it rains will create mud. Mr. O'Brien questioned if the Police have been notified about the damage of the field where the Farmers Market is currently located and how has it been determined that moving the Farmers Market down the road will alleviate traffic concerns. Most of the traffic will be entering and exiting at the same time that youth sports occur, so moving the Farmers Market closer to the ballfields could increase accidents. Mr. O'Brien suggested that rather than investing free in a temporary fix, the Town should invest this free work towards the Priest Property. It would help mitigate costs for the first phase of that plan and encourage the use of that property and bolster interest.

Mr. Toby Lewis, 32 Linda Lane came forward to speak in favor of the referendum for the school project. The school system draws new residents to Town. Mr. Lewis then commented regarding the suggested forum for diversity stating that residents should be reminded that lesson begins at home.

Mr. Steve Wagner, 181 Tumblebrook Drive came forward to speak in favor of the school referendum for the second phase of the Elementary School plan. Mr. Wagner encouraged everyone including senior citizens to vote in favor of this referendum. It is very important that seniors pass onto the next generation the same benefit that they were given.

Was made by Deputy Mayor Snyder
Seconded by Councilor Anwar

Councilor Pendleton questioned how sure the Board of Education is of getting the reimbursement of \$23,000,000 from the State of Connecticut? Chairman Joy from the Board of Education explained that the reimbursement rates for submission of projects up until June 30, 2016 has been set. Chairman Joy said he feels very good that what was being submitted will be approved. Dr. Carter continues to meet with the Department of Administrative Services and the message the Board has received from the State is that they are very excited about this project.

Dr. Carter, Superintendent of Schools explained that knowing there is concern about the reimbursement rate, a meeting was requested with the State of Connecticut, Department of Administrative Services. They have been very encouraging and view our project favorably. The Board of Education has been very conservative and has used the lowest reimbursement rate.

Councilor Maneeley asked if in the last referendum, did the question state the reimbursement amount from the State of Connecticut. Mr. Galligan explained that Attorney Panico had explained that the Town could use the dollar amount or the percentage and in order to be consistent from the last referendum, he felt that dollar amount should be used.

Councilor Maneeley requested that the Town Attorney review rules of what can and cannot be done now that the referendum is going to be held.

Town Attorney Morris Borea explained that now the Town Council has set a referendum date, no public funds or public expenditures can be used to advocate for or against the referendum. Public officials should refrain from making any comments, however as private citizens you can make any comments you would like as long as you make it clear you are speaking as a private citizen and you are not using any public funds.

Answering questions from the Council, Chairman Joy stated that the Board of Education is committed to the Phase III plan. Phase II is the path to Phase III.

Councilor Anwar questioned if the language in the resolution "which it is expected that an estimated \$23,000,000 shall be reimbursed by the State of Connecticut" could be changed to "it is highly likely that an estimated minimum of \$23,000 shall be reimbursed by the State of Connecticut"? Mr. Galligan explained that the Elections Commission would find that to be a violation. The language that has been proposed was used in the last referendum and had been verified by the Commission. Town Attorney Borea felt that after reviewing this and having discussions, it is the best language that the Town could use. The Town does not want to over promise the residents of South Windsor. The Town does not have the facts to advocate for the stronger language.

Answering further questions, Town Attorney Borea explained that the explanatory text will be finalized tomorrow. Attorney Borea stated that David Panico drafted the referendum and he reviewed it. If the Council would like to make a change to address Councilor Anwar's comment, the only change he would make is to use "reasonably expected" as opposed to "expected", but does not feel it is necessary. Deputy Mayor Snyder felt that the referendum language should be left as it is.

Mayor Mirek called for a vote on the motion; it was approved, unanimously.

F. Resolution Waiving Competitive Bidding for the Purchase of a Jacobsen AR-522, 100 Inch Mower

WHEREAS, the Parks Division budget for Fiscal Year 2016/2017 includes funds to purchase a Toro Sidewinder 68 inch width cut mower which will be used by the department to maintain a much higher quality of cut on the Town's premier athletic fields and grounds, that is currently done with 61 inch mowers; and

WHEREAS, the Parks Division has researched other mowers and has determined that a used Jacobsen AR-522 with a 100 inch cut will produce a higher quality of cut as well as reduce mowing time and is a better alternative because it will best serve the Town's needs, fit into the budget, and will come with a full bumper to bumper warranty from the manufacturer for 120 days starting on its first day of actual use in the spring of 2017; and

NOW, THEREFORE, BE IT RESOLVED that the South Windsor Town Council hereby waives the competitive bidding process as described in Section 714 of the Town's Charter, for the purchase of a Jacobsen AR-522, 100 inch mower and has determined that waiving competitive bidding is in the Town's best interest; and

BE IT FURTHER RESOLVED that the South Windsor Town Council hereby authorizes Town Manager, Matthew B. Galligan to negotiate and execute any and all contracts and documents necessary for the purchase of a Jacobsen AR-522, 100 inch mower.

Mr. John Caldwell, Parks Division came before the Town Council and explained that this machine by State bid price is about \$57,000 with a list price of approximately \$63,000. The Town currently cuts all of the athletic fields with the 16 foot mowers that the Town has which is not made for a real good quality cut.

Answering questions from Councilor Anwar, Mr. Caldwell explained that this mower will do all of these fields and will do it much faster and the quality of cut is what is used on professional athletic fields. The new mower will allow the Town to cut less than 1 inch and as high as 4 inches. This will not reduce the frequency of cuts but is a quality issue. This mower will cost a little less than what was put into the budget.

Answering further questions from Councilor Carroll, Mr. Caldwell explained that the new mower has rollers behind every deck, there are five decks, and the rollers are what creates the stripes.

BE IT FURTHER RESOLVED that the South Windsor Town Council's offer to Geissler's Supermarket is conditioned upon Geissler's Supermarket (1) meeting the estimated \$413,159.00 construction cost figure and agreeing to the estimated assessment figure; and (2) continuing to pay the real estate taxes on the Facility for a minimum of ten (10) years from the date the Certificate of Occupancy is issued; if Geissler's Supermarket fails to meet either of these conditions, Geissler's Supermarket shall refund the Town of South Windsor all of the tax benefit reductions it has received; and

BE IT FURTHER RESOLVED that the South Windsor Town Council's offer is contingent upon Geissler's Supermarket execution of a written agreement reflecting the terms set forth in the resolution and such other terms as the Town may require.

Was made by Councilor Beaulieu
Seconded by Councilor Anwar

Councilor Beaulieu explained that she has reservations at times about tax abatements but in this case, Geissler's is a long standing supermarket in Town and is an excellent opportunity for a local store to grow and maybe provide more jobs. Councilor Beaulieu stated she would support this resolution.

Councilor Havens stated that Geissler's is a home town business and it is encouraging they want to continue investing in South Windsor.

L. Resolution Authorizing the Town Manager to Sign and Execute Two Easement Agreements with SBA Properties, LLC

BE IT RESOLVED that the South Windsor Town Council hereby authorizes Town Manager, Matthew B. Galligan to sign and execute two Easement Agreements with SBA Properties, LLC for the tower erected near the South Windsor Police Department at 151 Sand Hill Road; and

BE IT FURTHER RESOLVED that the South Windsor Town Council authorizes Town Manager, Matthew B. Galligan to sign and execute any other necessary documentation on behalf of the Town of South Windsor.

Mr. Galligan explained that when the tower was built behind the police department it was constructed on a 5' x 5' pad. The Town got paid \$525,000 up front for giving them the privilege of building this tower and buying our equipment and putting it on top. For the next 10-20 years the Town had a lease with them where they paid \$1,000 per month. After discussions were held, it was decided that the Town would like to get the payments up front. SBA came in at \$400,000 and the Town agreed to that. This money will go into the capital fund and be used towards the Town's communication needs.

Answering questions from the Council, Mr. Galligan explained that SBA is looking at new technology and this may help with dead spots in the community. The Town has regulations in the lease agreement that will protect the Town.

Mayor Mirek called for a vote of this motion; it was approved, unanimously.

M. Resolution Authorizing the Town Manager to Submit an Application to the Clean Energy Finance Investment Authority

BE IT RESOLVED that the South Windsor Town Council hereby authorizes Town Manager, Matthew B. Galligan to submit an application to the Clean Energy Finance Investment Authority for participation in the Phase 8 of the Solarize Connecticut Campaign.

Was made by Deputy Mayor Snyder
Seconded by Councilor Anwar

Mr. Galligan explained that the Town was previously involved in Solarize South Windsor where solar was installed on residential rooftops. This is the next phase of this same project where the Town will help promote solar.

Mr. Steve Wagner, Chairman of the Energy Committee came before the Town Council. Mr. Wagner first informed the Council that the resolution would need to be amendment to say Connecticut Green Bank rather than Clean Energy Finance Investment Authority. This is a residential program which will provide an easy way for residents to arrange for the installation of solar on their homes or property. The Energy Committee will establish a subcommittee that will review proposals from approximately eight vendors for the necessary equipment. A single vendor will then be allowed to offer the same program to all of the residents in Town. A price for this service will be set in advance so the Town knows it is receiving the best possible price. This project has nothing to do with the project previously discussed by the Town Council on Barber Hill Road.

Mr. Galligan explained to the Council that the reason the Town is vetting a vendor is because the last time all of the vendors had different products and services and it got very confusing to the residents.

Answering questions from Councilor Riley, Mr. Wagner explained that the vendor will offer the panels and installation. The installer will bid a specific product.

Mr. Galligan explained that the Energy Committee will put a bid out so that the Town will get the best possible price for this service. Other communities have done this and have gotten the best pricing and process.

Mr. Wagner explained further that the bidding process will take place in February with a kick off in March. A letter will go out with the Town's endorsement and will not cost the Town anything. Mr. Galligan added that this is in conjunction with the State of Connecticut.

Deputy Mayor Snyder made a friendly amendment to eliminate "Clean Energy Finance Investment Authority" and insert "Connecticut Green Bank". Councilor Anwar agreed to the friendly amendment.

Mayor Mirek called for a vote on the motion; it passed on a roll call vote of 8-0 with Councilor Riley abstaining.

O. Discussion Item: Ridge Road Drainage (requested by Councilor Pendleton)

Mr. Galligan explained that the Finance Director is working with Capital Projects to see what projects have come in under budget. Once those projects are closed out those funds will be transferred to the Capital Non-Recurring Account and used toward the Ridge Road and Edwin Road drainage projects. A public hearing would be necessary to use the funds in this manner. It is hopeful that the funding will be established in either March or April.

P. Discussion Item: Truck Traffic on Sullivan Avenue and Oakland Road (requested by Councilor Pendleton)

Discussions were held during the Town Manager's Report.

Q. Discussion Item: Guardrail on Avery Street (requested by Councilor Pendleton)

Mr. Galligan explained that he has met with Mr. Young many times and the Towns' Engineers have been out there. This was designed with the protection of the public along the sidewalk in mind. The guardrail will be painted in the future after the metal has oxidized.

R. Discussion Item: Sewer Fee Receivables (requested by Councilor Riley)

Councilor Riley questioned if the Town is doing everything possible or if additional procedures could be implemented to make sure payments are collected and the liens are being appropriately filed.

Mr. Galligan explained that from 6/30/2006 until 6/30/2017 the average collection rate is 97.9%, the taxes are 98%. Not everyone pays right away for whatever reason, it is the same with taxes. It is 18% interest rate and that is why the figure looks so big. A tax sale will be done this year for approximately \$1.3 million dollars. A lot of time when you put the notice out for the tax sale, people come in and pay.

RESOLUTION APPROPRIATING \$69,900,000 FOR PLANNING, DESIGN, ACQUISITION, CONSTRUCTION, EQUIPPING AND FURNISHING OF NEW PHILIP R. SMITH AND ELI TERRY ELEMENTARY SCHOOLS AND RELATED COSTS AND AUTHORIZING THE ISSUANCE OF \$69,900,000 BONDS OF THE TOWN TO MEET SAID APPROPRIATION AND PENDING THE ISSUANCE THEREOF THE MAKING OF TEMPORARY BORROWINGS FOR SUCH PURPOSE

RESOLVED:

Section 1. The sum of \$69,900,000 is hereby appropriated by the Town of South Windsor, Connecticut (the "Town") for planning, design, acquisition, construction, equipping and furnishing of new Philip R. Smith and Eli Terry Elementary Schools and related costs, including, but not limited to, expenses related to permitting, environmental and geological testing, earthwork, site work, installation of heating, ventilation, air conditioning, electrical, plumbing, telephone, video, data, technology, security and other infrastructure, construction, reconstruction and improvement of parking areas, sidewalks, driveways and roads, installation of storm drainage facilities and sanitary sewerage systems, landscaping, construction, reconstruction and improvement of athletic fields, temporary parking and storage, relocation of students, renovations, repairs and improvements to existing facilities, demolition of unused facilities, and related legal, consulting, licensing, advisory, administrative, governmental fees and expenses and costs of issuance related thereto, said appropriation being inclusive of any and all State and Federal grants-in-aid thereof (the "Project").

Section 2. The appropriation for the Project which is not required to meet the actual cost of the Project may be transferred by the Town Manager, upon approval of the Town Council, to meet the actual cost of any other public improvement for which a valid appropriation and bond authorization is outstanding.

Section 3. To meet said appropriation, \$69,900,000 bonds of the Town or so much thereof as shall be necessary for such purpose, shall be issued, maturing not later than the maximum maturity permitted by the General Statutes of Connecticut, Revision of 1958, as amended from time to time (the "Connecticut General Statutes"). Said bonds may be issued in one or more series as determined by the Town Manager, provided that the total amount of bonds to be issued shall not be less than an amount which will provide funds sufficient, with other funds available for such purpose, to pay the principal of and the interest on all temporary borrowings in anticipation of the receipt of the proceeds of said bonds outstanding at the time of the issuance thereof, and to pay for the administrative, financing, legal and other costs of issuance of such bonds. The bonds shall be in the denomination of \$1,000 or a whole multiple thereof, be issued in fully registered form, be executed in the name and on behalf of the Town by the facsimile or manual signatures of the Town Manager and the Town Treasurer, bear the Town seal or a facsimile thereof, be certified by a bank or trust company, which bank or trust company may be designated the registrar and transfer agent, be payable at a bank or trust company, and be approved as to their legality by Robinson & Cole LLP, Hartford, Connecticut. The bonds shall be general obligations of the Town and each of the bonds shall recite that every requirement of law relating to its issue has been duly complied with, that such bond is within every debt and other limit prescribed by law, and the full faith and credit of the Town are pledged to the payment of the principal thereof and interest thereon. The aggregate principal amount of the bonds of each series to be issued, the annual installments of principal, redemption provisions, if any, the certifying, registrar and transfer agent and paying agent, the date, time of issue and sale and other terms, details and particulars of such bonds, including the approval of the rate or rates of interest, shall be determined by the Town Manager and Town Treasurer, in accordance with the Connecticut General Statutes.

Section 4. Said bonds shall be sold by the Town Manager in a competitive offering or by negotiation, in his discretion. If sold in a competitive offering, the bonds shall be sold at not less than par and

accrued interest on the basis of the lowest net or true interest cost to the Town. A notice of sale or a summary thereof describing the bonds and setting forth the terms and conditions of the sale shall be published at least five days in advance of the sale in a recognized publication carrying municipal bond notices and devoted primarily to financial news and the subject of state and municipal bonds. If the bonds are sold by negotiation, the purchase agreement shall be approved by the Town Manager and Town Treasurer.

Section 5. The Town Treasurer is authorized to make temporary borrowings in anticipation of the receipt of the proceeds of said bonds. Notes evidencing such borrowings shall be signed by the Town Manager and the Town Treasurer, have the seal of the Town affixed, be payable at a bank or trust company designated by the Town Manager, be approved as to their legality by Robinson & Cole LLP, Hartford, Connecticut and be certified by a bank or trust company designated by the Town Manager pursuant to Section 7-373 of the Connecticut General Statutes. The notes shall be issued with maturity dates which comply with the provisions of the Connecticut General Statutes governing the issuance of such notes. The notes shall be general obligations of the Town and each of the notes shall recite that every requirement of law relating to its issue has been duly complied with, that such note is within every debt and other limit prescribed by law, and that the full faith and credit of the Town are pledged to the payment of the principal thereof and the interest thereon. The net interest cost on such notes, including renewals thereof, and the expense of preparing, issuing and marketing, to the extent paid from the proceeds of such renewals or said bonds, shall be included as a cost of the Project. Upon the sale of the bonds, the proceeds thereof, to the extent required, shall be applied forthwith to the payment of the principal of and the interest on any such notes then outstanding or shall be deposited with a bank or trust company in trust for such purpose.

Section 6. Any proceeds of the bonds or notes for the Project not required to meet the actual cost of the Project may be transferred by the Town Manager, upon approval of the Town Council, to meet the actual cost of any other public improvement for which a valid appropriation and bond authorization is outstanding.

Section 7. The Town hereby expresses its official intent pursuant to Section 1.150-2 of the Federal Income Tax Regulations, Title 26 (the "Regulations"), to reimburse expenditures paid sixty days prior to and any time after the date of passage of this resolution in the maximum amount of the Project with the proceeds of bonds, notes, or other tax-exempt obligations ("Tax-Exempt Obligations") authorized to be issued by the Town. The Tax-Exempt Obligations shall be issued to reimburse such expenditures not later than 18 months after the later of the date of the expenditure or the substantial completion of the Project, or such later date the Regulations may authorize. The Town hereby certifies that the intention to reimburse as expressed herein is based upon its reasonable expectations as of this date. The Town Treasurer or his/her designee is authorized to pay Project expenses in accordance herewith pending the issuance of the Tax-Exempt Obligations.

Section 8. The Town Manager and Town Treasurer are hereby authorized, on behalf of the Town, to enter into agreements or otherwise covenant for the benefit of bondholders to provide information on an annual or other periodic basis to the Municipal Securities Rulemaking Board (the "MSRB") and to provide notices to the MSRB of certain events as enumerated in Securities and Exchange Commission Exchange Act Rule 15c2-12, as amended, as may be necessary, appropriate or desirable to effect the sale of the bonds and notes authorized by this resolution. Any agreements or representations to provide information to MSRB made prior hereto are hereby confirmed, ratified and approved.

Section 9. The Town Manager and the Town Treasurer, or either of them, are hereby authorized, on behalf of the Town, to enter into any other agreements, instruments, documents and certificates, including tax and investment agreements, for the consummation of the transactions contemplated by this resolution. The Town Manager and the Town Treasurer, or either of them, are hereby authorized, on behalf of the Town, to apply for and accept any and all Federal and State loans and or grants-in-aid of the Project, to expend said funds in accordance with the terms hereof, and in connection therewith to contract in the name of the Town with engineers, contractors and others.

Section 10. The Board of Education is authorized in the name and on behalf of the Town to apply to the Connecticut Commissioner of Education for any and all State grants-in-aid of the Project.

Section 11. This resolution shall become effective upon its approval by the Town electors at a referendum called by the Town Council for such purpose.
