**TOWN COUNCIL – REGULAR MEETING
COUNCIL CHAMBERS – SOUTH WINDSOR TOWN HALL**

1. Call Meeting to Order

Mayor Paterna called the Regular Meeting to order at 7:00 p.m.

2. Roll Call

Members Present: Mayor Andrew Paterna
Deputy Mayor Liz Pendleton
Councilor Audrey Delnicki
Councilor Mary Justine Hockenberry
Councilor Cesar Lopez
Councilor Karen Lydecker
Councilor Lisa Maneeley (arrived at 8:05 p.m.)
Councilor Matthew Riley

Members Absent: Councilor Janice Snyder

Others Present: Michael Maniscalco, Town Manager

5. Communications and Reports from Town Manager

Mr. Maniscalco reported on the following:

- Project Hammer, Ellington Road – The Town is working with the developer to get additional questions answered and to move the Tiger Beetles to the Barton property before the middle of October.
- The Connecticut State Legislature has not passed the bond package yet. Mr. Maniscalco stated that he is keeping an eye on this item because it could start impacting municipalities in terms of road funding and other types of grant funding that the municipalities receive from the State.
- There are two promotions within the Police Department. Mark Halibozek has been promoted from Corporal to Sergeant, and David Gesualdi has been promoted from Police Officer to Corporal.

5. Communications and Reports from Town Manager (Continued)

Answering questions from the Council, Mr. Maniscalco stated that he would report back to the Council about how the Registrar of Voters will be informing residents about the closing of Philip R. Smith Elementary School as a polling location for the November election. Councilor Pendleton explained that for the last election, the Registrar of Voters had sent everyone in the district a letter informing them that Philip R. Smith was closed as a polling location and where they should go to vote. Signs were posted at Philip R. Smith, informing the public where to go vote.

Mr. Maniscalco informed the Council that he believes the formula that includes the cost escalator for snow removal in the condo complexes was done in early 2000. The way the formula was set up is based on the cost for the Department of Public Works to remove the snow and the distances for the different roads. When this information is being reviewed, the Council should also address the actual dollar amount that is allocated in the budget.

Mr. Maniscalco then informed the Council that the Town is going to try to get some local restaurant owners in the area to provide some personal testimony as to how it is to operate and open a restaurant in South Windsor. It is hopeful that this information will go on social media and will be beneficial.

6. Public Input (Items Not on the Agenda)

Mrs. Mary Etter, Director of the South Windsor Public Library, informed the Council and public that due to the installation of the new elevator at the South Windsor Public Library, the Library hours would be changed. On Tuesday, September 17, 2019, through Thursday, September 19, 2019, the Library will not open until noon, and then on Friday, September 20, 2019, the Library will be closed for the entire day. The elevator will be closed for approximately six weeks. There will be parking spaces on the upper parking lot that will be designated for Library use while the elevator is being installed. If people have trouble coming to pick up or bringing something back, please call the Library, and someone will come out to the car to help. In October there will be another Food for Fines. The Library is asking people not to donate books for the next month for the book sale because there is no available space to locate them.

6. Public Input (Items Not on the Agenda) (Continued)

Mrs. Ginny Hole, 185 LeFoll Boulevard and Chairperson of the South Windsor Walk & Wheel Ways announced that on September 21, 2019, there will be an event to celebrate the new sidewalks on the Buckland Road and Sullivan Avenue. The celebration will begin at 11:00 a.m. in front of the South Windsor Public Library.

Mrs. Hole then informed the Council and public that the 4th Grade Bicycle Education Safety program would begin on September 23, 2019, at the new Orchard Hill Elementary School. On October 7, 2019, the program will be held at Pleasant Valley Elementary School. The South Windsor Walk & Wheel Ways are looking for volunteers to help with this program. Mrs. Hole reminded everyone that as the days get shorter, riders should have a white light on the front of their bikes, a red light on the back of their bikes, and should wear bright reflective clothing.

Mr. Toby Lewis, 32 Linda Lane stated on October 26, 2019, Avery Street Church will hold a Children Trunk and Treat from 6:00 p.m. to 7:30 p.m. in the parking lot. Mr. Lewis then requested that South Windsor be a Town that says no to tolls and encourages the Town Council to discuss this issue during a meeting.

19. Executive Session

At 7:24 p.m. Deputy Mayor Pendleton made a motion to suspend the rules to go to Item 19. Executive Session to discuss a personnel issue (evaluation of the Clerk of the Council), a possible tax assessment agreement which would result in disclosure of public records or information contained therein which is exempt from disclosure at this time pursuant to Connecticut General Statutes §1-210(b)(1) and §1-210(b)(5)(B), and to discuss pending litigation (460 Miller Road) pursuant to Connecticut General Statutes §1-210(b)(4) and §1-200(6)(E). Councilor Hockenberry seconded the motion; and it was approved, unanimously.

The following individuals went into Executive Session: Mayor Paterna; Deputy Mayor Pendleton; Councilor Delnicki; Councilor Hockenberry; Councilor Lopez; Councilor Lydecker; Councilor Maneeley; Councilor Riley (recused himself from discussion on pending litigation (460 Miller Road); Michael Maniscalco, Town Manager; Vanessa Perry, Assistant Town Manager/Director of Human Resource, and Attorney Richard Carella from Updike, Kelly & Spellacy, P.C.

Answering questions from the Council, Mr. Maniscalco explained that the Town did an RFP for this project.

Councilor Delnicki questioned why the Town is not doing something temporary until after the winter? Mr. Maniscalco stated that after discussions with the Chief of Police, he learned that there are traffic standards that a municipality is required to maintain and according to those traffic standards, temporary speed bumps on public roads are not allowed.

Answering further questions, Mr. Maniscalco stated that the traffic study would take place on Laurel Street and surrounding roads. The consultants will be doing the study and could come up with several recommendations.

Mayor Paterna called for a vote on the motion; it was approved, unanimously.

Deputy Mayor Pendleton made a motion to suspend rules to go to Item 15. B. on the agenda. Councilor Lydecker seconded the motion; and it was approved, unanimously.

B. Resolution Authorizing Town Manager Michael Maniscalco or His Designee to Establish a Composting Program

WHEREAS, the Town of South Windsor annually generates green waste from its curbside leaf pick-up program and other works for the process of composting; and

WHEREAS, the product of the composting process, hereby known as "compost", has historically been sold via an auction approach; and

WHEREAS, it would be in the Town's best interest to set rates for the inbound and outbound wholesale, or non-wholesale of compost and compost bi-products and feedstocks, based upon market trends and other factors

NOW, THEREFORE, BE IT RESOLVED that the South Windsor Town Council, pursuant to Section 82-104 Rules and Regulations of the Town Charter, hereby approves the Town Manager or his designee, the right to establish and promulgate reasonable rules and regulations as to the manner, days and times, and charges for the collection, sorting, transportation, sale and/or marketing of recyclable material, particularly compost and compost bi-products, in order to encourage the recovery of material resources while minimizing the cost of the recycling program.

Was made by Deputy Mayor Pendleton
Seconded by Councilor Hockenberry

Mr. Gantick informed the Council that there would be free compost for residents.

Mr. Maniscalco explained that the wholesale compost is for larger organizations. The ultimate goal of this project is to get to the point where the Town will be covering the costs of the leaf collection in the future. Mr. Gantick explained that the leaf program does not benefit everyone like the commercial and industrial areas. The Town is trying to reduce costs to the taxpayers and provide additional services. If there are any changes that need to be implemented into this program, those changes will be brought to the Council. Eventually, the Town will look to remove cost expenditures in the Public Works budget by doing this program. The Town will be giving the residents a viable place in South Windsor to bring some of their yard waste, which will help to reduce the total tonnage and keep costs down.

Mr. Maniscalco then explained that the Town is looking to charge commercial entities who will be buying large amounts of compost.

Mayor Paterna explained that in the future, the Council always has the ability to vote to maintain the free compost to residents.

Mr. Stetson informed the Council that the compost is sent to Penn State Lab, who tests the quality of the compost. When the Town sells the compost or gives it to the residents, the Town knows it is a good clean product.

Mayor Paterna announced that if any Council members want to visit the facility to see how the compost is made, they can go to the Town Garage on Wednesday, September 18th, at 8:00 a.m.

Mr. Stetson explained to the Council that the process of composting has become extremely fast. For one-year worth of leaves, it would take the Town approximately 55 days per year to turn that into compost. The composting machine can turn two-year's worth of leaves in one day.

Mayor Paterna stated that the unknown portion of this program is how many people from outside of Town would commercially come in and buy the compost. There is potential for this program to become a regional operation.

Mayor Paterna called for a vote on the motion; it was approved, unanimously.

WHEREAS, the Town of South Windsor is currently under contract with CivicPlus, who is the Town's current website provider, and would like to update the Town websites (Town, Police, and SWAN); and

WHEREAS, South Windsor and CivicPlus agree to modify terms set forth in our agreement; and

WHEREAS, the cost of this update is approximately \$5,750.00, which ordinarily requires the Town to go out to competitive bidding; and

WHEREAS, the effort for another vendor to build the Town's websites from scratch would cost between \$20,000 to \$25,000

NOW, THEREFORE, BE IT RESOLVED that the South Windsor Town Council hereby waives the competitive bidding process.

Was made by Councilor Hockenberry
Seconded by Councilor Delnicki

Answering questions from the Council, Mr. Maniscalco explained that anything under \$5,000 does not need to go through the bidding process. The website has not been improved upon for approximately three years. The vendor will make the website more user-friendly and easier to search for items. The vendor will not go any lower than \$5,750.00 to do these improvements to the website.

Councilor Lydecker voiced her concerns regarding the wording in the contract under payment and would like to make sure the vendor is getting their final payment when the website goes live. Mr. Maniscalco stated that he would have that straighten out.

F. Resolution Adjusting the Car Allowance for the Town Manager and Assistant Town Managers

WHEREAS, the Town of South Windsor employs a Town Manager with an employment contract, and in turn, the Town Manager employs two Assistant Town Managers with letter agreements; and

WHEREAS, all agreements were voted on and approved by the Town Council on March 26, 2019, and December 18, 2017, respectively; and

WHEREAS, each of the above-noted agreements identifies a car allowance in the amount of \$700 for the Town Manager and \$750 for the Assistant Town Managers; and

WHEREAS, through the Fiscal Year 2019/2020 budget cycle, the allowances for the Assistant Town Managers were reduced to \$600; and

WHEREAS, the Finance Department is required to view car allowances as additional income reducing the amount taken home by the above employees; and

WHEREAS, the Town is contractually obligated to provide specific amounts in a car allowance and wishes to meet its obligations

NOW, THEREFORE, BE IT RESOLVED that the Town Council effective September 16, 2019, will increase the amount of the Town Manager's Car Allowance from \$700 to \$750 to meet the Town's contractual obligation and directs the Town Manager to increase the Assistant Town Managers Car Allowance from \$600 to the contractually agreed-upon amount of \$750.

15. F. (Continued)

Councilor Riley stated that he feels a car allowance is given to an employee who uses a car for the job that they are performing. While the Assistant Town Managers may periodically use their vehicles, he does not think it is the most cost-effective way to compensate them for that use by giving them a car allowance and feels a more appropriate compensation would be a mileage allowance. Councilor Riley stated he feels the issue of allowing employees to take a car home and car allowance should be reviewed. Councilor Riley then stated that he never thought this was a taxable item but thought it was a benefit and should not be raised to compensate employees for the amount being taxed, so he would not support this resolution.

Mayor Paterna explained that the resolution is not a question about taxable and non-taxable; it is a question about the total amounts being given.

Mr. Maniscalco stated that the Assistant Town Managers were not charged taxes at first and then towards the end of one year, they were charged all of the taxes for the year out of one paycheck. The resolution is requesting for the Assistant Town Managers go back to their contractual amounts of \$750.00 which is before taxes, and for the Town Manager to receive \$750.00 before taxes, which will end up being approximately \$700.00 as stated in his contract. So this resolution will raise all three car allowances to \$750.00 and then that amount will be a taxed.

Councilor Riley and Councilor Lydecker apologized to the employees who were affected by this benefit not being taxed previously and then having to pay the back taxes.

Mr. Maniscalco felt that if the Council does not honor their contractual obligations, there could be potential exposure in the future. The Council could renegotiate the Town Managers contract in the future, but the letters of agreement do not have an end date in the contract, therefore the Council would have to direct the Town Manager to renegotiate with the Assistant Town Managers, and that would come to the Town Council for approval.

Councilor Maneeley questioned if the two employees could be compensated for the money they lost after being taxed? Mr. Maniscalco stated he could look into that in the future.

Councilor members discussed where the funds would come from to pay the car allowance that was taken out of the budget. Mr. Maniscalco stated that the funds could come from the Town Managers Account.

Councilor Riley stated that he would support the resolution because the amount for each employee will start at \$750.00 and then will be taxed instead of each employee bringing \$750.00 home after taxes.

Mayor Paterna called for a vote on the motion; it passed on a roll call vote of 7 to 1 with Councilor Delnicki voting in opposition of this resolution.

Mr. Maniscalco explained to the Council that the Town was told that Project Hammer would need an agreement with the Town to house both the Tiger Beetle, as well as, the other plant life that lives on their property that is of a rare nature. The project will be giving the Town the dollar amount to cover the cost to maintain these habitats for the next five to ten years. The MOU has been sent to Project Hammer, but the Town has not heard back whether they are in agreement. If there is a significant change, the MOU will be brought back to the Council.

Deputy Mayor Pendleton made a friendly amendment to have the second paragraph to read as follows: WHEREAS, after review by DEEP of the Connecticut Environmental Policy Act (CEPA), the Big Sand Tiger Beetle (*Cincindela Formosa*), and Low Frostweed (*Crocanthemum Propinquum*), State Endangered Species, were found on the property and are using a small area within the site for breeding.
