MEMBERS OF THE WPCA THAT ARE UNABLE TO ATTEND THIS MEETING, PLEASE CALL ETHER DIAZ, (860) 644-2511, EXT. 243, ON OR BEFORE 4:30 P.M. ON THE DAY OF THE MEETING

# WATER POLLUTION CONTROL AUTHORITY TOWN OF SOUTH WINDSOR

PUBLIC HEARING/REGULAR MEETING VIRTUAL MEETING SOUTH WINDSOR TOWN HALL **AGENDA** 

Tuesday, May 5, 2020 7:00 P.M.

This meeting can be viewed on Cox Channel 16 or Channel 6082 if your provider is Frontier and will be live streamed on the Town's website at <a href="http://gmedia.swagit.com/live">http://gmedia.swagit.com/live</a>.

#### **PUBLIC HEARING**

1. Proposed Water Pollution Control Budget, proposed Sewer User Charges, Surcharges, Sewer Assessment Schedules, and Septic Disposal Fees for Fiscal Year 2020/2021.

Public is welcome to email comments to <u>Wpcacomments@southwindsor-ct.gov</u>. WPCA members will not respond to any public comments/questions.

### REGULAR MEETING

- A. Roll Call
- B. Acceptance of Minutes of Previous Meetings
  - 1. April 3, 2020 Public Hearing
  - 2. April 3, 2020 Regular Meeting
  - 3. April 16, 2020 Special Meeting

#### C. New Business

- 1. 350 Buckland Road Irrigation Meter Reimbursement Request (Decision)
- D. Communications and Reports
  - 4. Superintendent Report
- E. Public Participation (Items not on the agenda)
  - 1. Service Recognition of former WPCA Chairman Richard Aires
- F. Bills, Change Orders, Disbursements
- G. Unfinished Business
  - 1. Fiscal Year 2020/2021 Budgets, Sewer User Fee and Income Eligible Discount Program (Decision)
- H. Executive Session
- I. Adjournment

### MINUTES VIRTUAL MEETING

PUBLIC HEARING & REGULAR MEETING PAGE 1 MAY 5, 2020 AT 7:00 PM

#### **PUBLIC HEARING**

1. Proposed Water Pollution Control Budget, proposed Sewer User Charges, Surcharges, Sewer Assessment Schedules, and Septic Disposal Fees for Fiscal Year 2020/2021.

Chairman Thomas Ruby called the Public Hearing/Virtual Meeting to order at 7:00 p.m. and explained that the Public Hearing is being held as such because the WPCA Public Hearing held in April 2020 was unable to be streamed due to a technical problem. Therefore, the meeting was void and the Authority is reconvening to take up any actions that were addressed at that meeting. Mr. Ruby explained that the public is welcome to email comments to <a href="mailto:Wpcacomments@southwindsor-ct.gov">Wpcacomments@southwindsor-ct.gov</a>.

Mr. Tony Manfre, Superintendent of Pollution Control read the legal notice into the record (see Exhibit A).

At this time Chairman Ruby asked if there were any comments from the public via email. There were no comments.

Motion to recess the meeting at 7:10 p.m.

The motion was made by Mr. Stephen Wagner and seconded by Ms. Carol Fletterick. The motion carried unanimously

The public hearing was reconvened. No comments were received from the public.

Motion to adjourn the Public Hearing and reconvene the regular meeting.

The motion was made by Mr. Stephen Wagner and seconded by Ms. Carol Fletterick. The motion carried unanimously.

VIRTUAL MEETING

PUBLIC HEARING & REGULAR MEETING PAGE 2 MAY 5, 2020 AT 7:00 PM

### REGULAR MEETING

Chairman Thomas Ruby called the Regular Meeting/Virtual Meeting to order at 7:10 p.m. The following actions were taken during the May 5, 2020 Regular Meeting.

### A. Roll Call

Members Present: Thomas Ruby, Erik Dabrowski, Carol Fletterick, Steven King, Jr.,

Toby Lewis, Ashwatha Narayana, and Stephen Wagner

**Members Absent:** 

Alternates Present: Vicki Paliulis

Alternates Absent: Shawn Jacobaccio

**Staff Present**: Tony Manfre, Superintendent of Pollution Control

Scott Roberts, Assistant Town Manager

**Honored Guest:** Richard Aries, Former Chairman of WPCA

# **B.** Acceptance of Minutes of Previous Meetings

1. April 7, 2020, Public Hearing

Mr. Stephen Wagner's first name was misspelled in the Roll Call.

Motion to accept the minutes of the April 7, 2020 Public Hearing as amended.

The motion was made by Mr. Stephen Wagner and seconded by Ms. Carol Fletterick. The motion carried unanimously.

2. April 7, 2020, Regular Meeting

Motion to accept the minutes of the April 7, 2020 Regular Meeting as presented.

The motion was made by Mr. Erik Dabrowski and seconded by Mr. Toby Lewis. The motion passed unanimously.

3. April 16, 2020, Special Meeting

Mr. Steven King, Jr. first name was misspelled in the Roll Call.

Motion to accept the minutes of the April 16, 2020 Special Meeting as amended

### MINUTES VIRTUAL MEETING

PUBLIC HEARING & REGULAR MEETING PAGE 3 MAY 5, 2020 AT 7:00 PM

The motion was made my Mr. Steven King, Jr. and seconded by Mr. Stephen Wagner. Mr. Erik Dabrowski abstained as he was not in attendance at this meeting. The motion passed.

### C. New Business

1. 350 Buckland Road Irrigation Meter Reimbursement Request (Decision)

Mr. Tony Manfre, Superintendent of Pollution Control explained that he was contacted by the property manager of 350 Buckland Road regarding their commercial sewer bill as the flow for their irrigation system was not adjusted from their 2019/2020 commercial bill. During the construction of the building the property owner had installed a meter for the domestic water for the building and they also installed an irrigation system with a separate meter, said Mr. Manfre. In the annual report from the CT Water Company the flow for the irrigation system was included, however, this was not taken into account as they are not permitted by the WPCA to use a private meter. The property owner was advised to pay the total amount due of the sewer user bill and to submit an application requesting approval to use a private meter for the irrigation system and to request to the WPCA a reimbursement for this year for the use of the irrigation system in the amount of \$928.68 (see Exhibit B). Mr. Manfre's recommendation to the Authority was to grant approval to reimburse the property owner \$928.68 condition upon having Town staff inspecting the irrigation line.

Motion to approve the request to deduct the irrigation water usage from the sewer user bill for the property located at 350 Buckland Road upon verification of Town staff.

The motion was made by Mr. Stephen Wagner and seconded by Ms. Carol Fletterick. The motion carried unanimously.

Motion was made to suspend the Agenda for Public Participation.

The motion was made by Ms. Carol Fletterick and seconded by Mr. Erik Dabrowski. The motion carried unanimously.

### E. Public Participation (Items not on the agenda)

1. Service Recognition of former WPCA Chairman Richard Aires

Mr. Richard Aries, former Chairman of the Water Pollution Control Authority was in attendance this evening to receive recognition for his dedicated service to the Town. He was presented an award of recognition for the 23 years of public service to the WPCA; 8 years of which as Chairman he volunteered countless hours to make South Windsor a thriving community. Former Chairman Richard Aries thanked each and every member of the WPCA as well for their dedicated service to the Town.

# MINUTES VIRTUAL MEETING

PUBLIC HEARING & REGULAR MEETING PAGE 4 MAY 5, 2020 AT 7:00 PM

### D. Communications and Reports

### 1. Superintendent Report

Mr. Tony Manfre reviewed his report as shown in attached Exhibit C. He explained that he did not receive a report from the Collector of Revenue on the collection for the current billing. However, the last time he spoke with her the commercial collection rate was 57% which was close to last year's collection rate at this time. A lower collection rate is expected due to the COVID19 and the impact it has in the economy, said Mr. Manfre. However, the trend is showing the same pace as last year during this period.

Relative to the Griffin Road project, Chairman Thomas Ruby asked if the homeowners have been advised of the construction. No, responded Mr. Manfre, however, a notification will be sent to them 24 to 48 hours prior to beginning the project.

In reviewing the Superintendent's Report, Mr. Ashwatha Narayana expressed that Mr. Tony Manfre is skillfully managing the treatment plant. Mr. Jeff Lemay, Treatment Plant Supervisor and Mr. Manfre is quite a team; they work closely with their staff. "We think that only the health care personnel and the first responders are very important in this time of the Corona Virus situation, but I think the people working with Tony Manfre and Jeff Lemay are equally important, if not more important", said Mr. Narayana. And therefore, their effort should be recognized. Mr. Narayana moved the following motion:

Motion to recognize the services of Tony Manfre and Jeff LeMay and the entire staff from the Waste Water Treatment Plant for their dedicated uninterrupted services at the plant particularly during the current difficult circumstances created by Corona Virus.

The motion was seconded by Mr. Erik Dabrowski. The motion passed unanimously.

Mr. Tony Manfre thanked Mr. Narayana for this recognition. He expressed that he works very closely with Mr. Jeff LeMay who's been a great leader for the Water Pollution Control Facility. Furthermore, Mr. Manfre expressed that he is very proud of his staff; they step up to do their job, and they do it with pride. Chairman Ruby agreed and asked Mr. Manfre to notify his staff of this recognition.

At this point, Chairman Ruby asked to recess this meeting and reconvene the public hearing to examine any comments from the public.

Motion was made to recess the regular meeting and reconvene the public hearing.

The motion was made by Mr. Stephen Wagner and seconded by Mr. Toby Lewis. The motion carried unanimously.

The Public Hearing was declared opened and no comments were received from the public. Chairman Ruby declared the Public Hearing closed.

# MINUTES VIRTUAL MEETING

PUBLIC HEARING & REGULAR MEETING PAGE 5 MAY 5, 2020 AT 7:00 PM

### F. Bills, Change Orders, Disbursements

None

### G. Unfinished Business

1. Fiscal Year 2020/2021 Budgets, Sewer User Fee and Income Eligible Discount Program (Decision)

Chairman Thomas Ruby explained that for purposes of presenting at the public hearing the sewer user charges fees and budget, it was decided to propose a residential sewer user rate of \$420. Earlier in the discussions on the proposed budget (see Exhibit D) a request was made to have a zero increase budget in terms of residential fees. Included with the agenda packet was a fee schedule responsive to that request for a \$415 sewer fee; a zero increase (see Exhibit E). In speaking for the group, Chairman Ruby expressed that this is not the time to be raising fees due to the ongoing situation. However, the difference in the two budgets is that the \$415 fees proposed budget carries no contribution to reserve funds. Mr. Tony Manfre explained that he made two adjustments in the proposed budget with a sewer fee of \$415. He also explained that over the years the budget is of 1.4% equivalent to a collection rate of 98.6% average. He reduced that down to a 92% collection rate for this year just to take into account the businesses and people that may be out of work due to COVID19. In looking forward with this we have to assume that the collection rate may not be as robust as is been historically, said Chairman Ruby and the WPCA will not have as many commercial accounts contributing revenue as in recent years.

Motion was made to adopt the proposed budget with a sewer user charge in the amount of \$415.

The motion was made by Ms. Vicki Paliulis and seconded by Mr. Erik Dabrowski.

Mr. Stephen Wagner expressed that it bothers him that the Authority is looking at a situation where they may see a reduced collection rate and therefore he does not know if 92% is reasonable as money is not going to be funded in the reserve accounts. Mr. Wagner expressed that he's not sure if is a good idea to cut \$5 off the sewer user bill and not put any money into the reserve accounts.

People are struggling immensely right now, said Mr. Erik Dabrowski. Also, businesses are closing and things are shutting down towards a great depression level in terms of employment. This is not the time to raise the sewer user fee by even \$1 or \$5, he expressed.

Ms. Vicki Paliulis expressed that during the previous discussions when the Authority proposed the fee in the amount of \$420 it was based on the current economy. However, right now we are in this all together and be supportive, said

MINUTES
VIRTUAL MEETING

PUBLIC HEARING & REGULAR MEETING PAGE 6 MAY 5, 2020 AT 7:00 PM

Ms. Paliulis. The Authority raising the sewer user fees under this current conditions at this point is sending the wrong message. She expressed that personally she knows people that are out of work and struggling a lot. Ms. Paliulis was in favor of a zero increase in sewer user fees.

Mr. Ashwatha Narayana expressed that he believes that the Town Council is having a zero increase in property taxes. Therefore, he as well was in favor of a zero increase in the sewer user fee.

Mr. Stephen Wagner expressed that the Town Council voted to provide a hazard pay increase to a number of employees. Does that affects the WPC budget, he asked. Mr. Tony Manfre responded that the Town Council has approved a hazard pay for employees that work a full week. It is \$200 per week for town employees and \$350 per week for the police department; the fire department which is a volunteer service they get \$9 per call as a typical stipend and they are going to get an additional \$13. In terms of the budget, yes there will be an impact but there's only five staff at the Treatment Plant for a full week at each staffing levels which will equate to \$1,000 per week. However, in the current fiscal year budget we are doing well in the overtime budget, said Mr. Manfre and they'll be able to absorb the additional funds that are been paid out to people that work the entire week. Chairman Ruby responded that it is all well and good however he doesn't know if the Council should be doing things that impacts the WPC budget. Are they providing the money for the hazard pay, he asked. Mr. Manfre responded that currently it's being funded from the Economic Development fund for town employees. Then there should be a zero budget impact in the Water Pollution Control Budget, stated Mr. Ruby. That has not yet been discussed, responded Mr. Manfre.

Motion to adopt the fiscal year 2020/2021 Operating Budget with a \$415 Sewer User Fee.

The motion was made by Mr. Toby Lewis and seconded by Mr. Stephen Wagner. The motion carried unanimously.

### H. Executive Session

None

Mr. Toby Lewis explained that sometime ago he made a motion for the WPCA to adopt and appoint a subcommittee that will work directly with Mr. Manfre and his staff and oversee the WPCA projects; approval process and funds. At that time the discussion on this matter was tabled. Mr. Lewis would like to readdress that matter as things are getting approved, however, the Authority does not know how the bidding process is. Chairman Ruby asked Mr. Manfre to research the minutes on that matter and report back to the Authority.

# **MINUTES** VIRTUAL MEETING

PUBLIC HEARING & REGULAR MEETING MAY 5, 2020 AT 7:00 PM PAGE 7

Mr. Ashwatha Narayana asked Mr. Manfre on the status of the grants available for the pump stations. Mr. Manfre responded that he needs to finish the scope and fee negotiation with the contractor for the pump stations and then submit it to the Department of Energy and Environmental Protection for approval.

April 20, 2020

Town of South Windsor Tony Manfre Superintendent of Pollution Control 1540 Sullivan Avenue South Windsor, CT 06074

Re: 350 Buckland Rd., So. Windsor, CT

Dear Tony:

I am writing regarding Buckland Commons at 350 Buckland Road, South Windsor. We built and own the building that is currently leased to People's United Bank. When we constructed the building, we installed two water meters so there is one for the domestic water for the building and a second that includes only the water for the lawn irrigation. We receive separate invoices from CT Water for each meter and I have attached the 2019 irrigation water invoices, meter #68903789, for your convenience. As you can see, the bill is clearly labeled "irrg" after the address.

In 2019, our total water usage on our Sewer User Bill is 272,000 gallons and of that, 263,000 gallons was associated with the irrigation meter. The sewer user bill should only reflect the water that is included on the domestic water bill. Therefore, I am requesting a refund for the portion of the 2019 Sewer User Bill that is for the irrigation meter.

I have also completed a Deduction Meter Application so that each year we will be able to provide you with the irrigation water meter reading so that usage will not be included in our Sewer User Bill going forward.

Please contact me if you need any further information. I appreciate you working with WPCA to resolve this matter.

Sincerely,

Kathy Kelley Pitruzzello

# WPCA COMMUNICATIONS AND REPORTS

May 5, 2020

The following is a monthly report from the Superintendent of Pollution Control as an appendix to the Water Pollution Control Authority meeting.

### General Information

### **COVID-19 Measures**

We continue to take a proactive approach to combating COVID-19 and protecting our employees and their families from the virus. Last month the Town Manager implemented several measures to minimize exposure of the virus to employees including closing town buildings to the public and requiring departments to divide their staff into two groups with alternating work weeks. More recently we have been asked to further minimize our staffing levels to create a third group. This was not a safe or feasible option for our team to meet NPDES permit, maintain equipment and respond to alarms. As a compromise our staff is now working two week rotations; two weeks at the facility/two weeks at home. Our team continues to communicate daily with laboratory and process control updates. We are also taking advantage of various webinars that are available.

During our preparedness evaluation throughout the pandemic it was determined that our areas of vulnerability included staff becoming unavailable, supply chain for goods and services and managing our solids. To deal with our supply chain and solids management we have maintained communication with our vendors and contractors to ensure the availability of services. To effectively manage the potential of staff becoming unavailable we have executed a mutual aid agreement with Suffield and East Windsor WPCF's. Larger facilities with more employees will feel less of an impact if, for example 3 employees become ill or are unable to report to work. This agreement will help ensure our continuity of operations.

# **Treatment Plant and Collection Systems**

### Treatment Plant

**Process** 

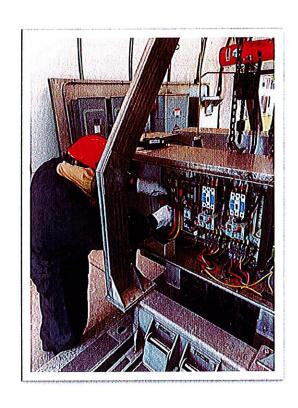

March 2020

- Average flow 2.7 million gallons per day
- Removed 98.5% of Biological Oxygen Demand
- Removed 98.7% of Total Suspended Solids
- Processed 147,040 lbs of dry solids
- Discharged 96 lbs/day Total Nitrogen (NPDES limit 106 lbs/day)

To optimize the treatment process seasonal process changes are required. As the water temperature rises and the microorganisms become more active we need to reduce the detention time the biology is in the aeration basins. During the colder winter months we operate both aeration basins and will remove one basin from service in the spring. This year we have removed Basin #1 from service earlier than usual to create available tankage in the event we are unable to dispose of our biosolids. This will give us an additional 594,000 gallons of storage if needed.

### Maintenance

May 1<sup>st</sup> marks the first day we are required to disinfect treated wastewater. This past month our maintenance team has been working to prepare the UV disinfection system. This requires replacing desiccant fluids, installing bulb wipers, ensuring all the bulbs and ballasts are operating properly, calibrating the transmittance levels and programming the set points. During the last week of April the disinfection system was fully operational to allow us to make any necessary adjustments to meet NPDES permit limits by May 1<sup>st</sup>.

To better control the oxygen distribution throughout the aeration tanks we are planning to upgrade our dissolved oxygen probes and programming. Our maintenance team was able to build the power supply electrical boxes in house. The programming of the instrumentation will be done through an outside vendor.

### Collection System

Since we have been operating at reduced staff levels the treatment plant has been prioritized over the collection system. We experienced issues with our inspection camera which we were able to troubleshoot and repair. Once the camera was back in service Griffin Road was inspected. Some of the cracks in the pipe were noted as expanding.

# **Capital Improvement Projects Update**

\*\*Many of the CIPs have been held up with COVID-19 preparations and protocols\*\*

# Quality Based Selection for Engineering Services - Pump Station Upgrades

- We continue to negotiate the scope and fees of the project
- · Arcadis is reviewing the fee schedule per our request
- Next steps:
  - o Agree to scope of work and fees
  - DEEP review
  - Execute contract

# Ellington Road Sewer Extension Design

 The reallocation of STEAP grant funds, project plans, schedule and fees have been submit to DECD

# Griffin Road Sewer Repair/Avery Street Manhole Replacement

- We continue to monitor the sewer line break on a monthly basis
- Crack expansion has been noted
- Environmental Services Inc. has been scheduled for the third week in May to make the repair

# Treatment Outfall Stabilization Project

Nothing new to report

# **Collection of Delinquent Accounts**

### TaxServ Collection Report

Please see attached report.

Respectfully submitted by: Tony Manfre, Superintendent of Pollution Control
